### Introduction

The IFMP Islamic Finance Certification covers the concepts of economic system, contract, and banking, modes of deposit, pool management, insurance, capital markets and funds according to Islamic law for products related to financial market.

# **Objective of the Examination**

This Certification Exam specifically designed to meet the minimum qualifications needs of all the professionals related to Islamic banking and finance. It intends to ensure that the professionals dealing with its techniques are competent enough in their work.

### **Target Audience**

This exam has been designed for all the professionals working in capital markets or is connected to it.

### **Syllabus Structure**

The curriculum is divided into elements which are further broken down into learning outcomes. Each learning objective starts with a specific prefix which indicates the level of skills to be tested. The following prefixes are used in this curriculum:

- Know require the candidate to recall information such as facts, rules and principles
- Understand require the candidate to demonstrate comprehension of an issue, fact, rule or principle.
- Be able to calculate require the candidate to be able to use formulae to perform calculations.
- Be able to apply require the candidate to be able to apply their knowledge to a given set of circumstances in order to present a clear and detailed explanation of a situation, rule or principle.

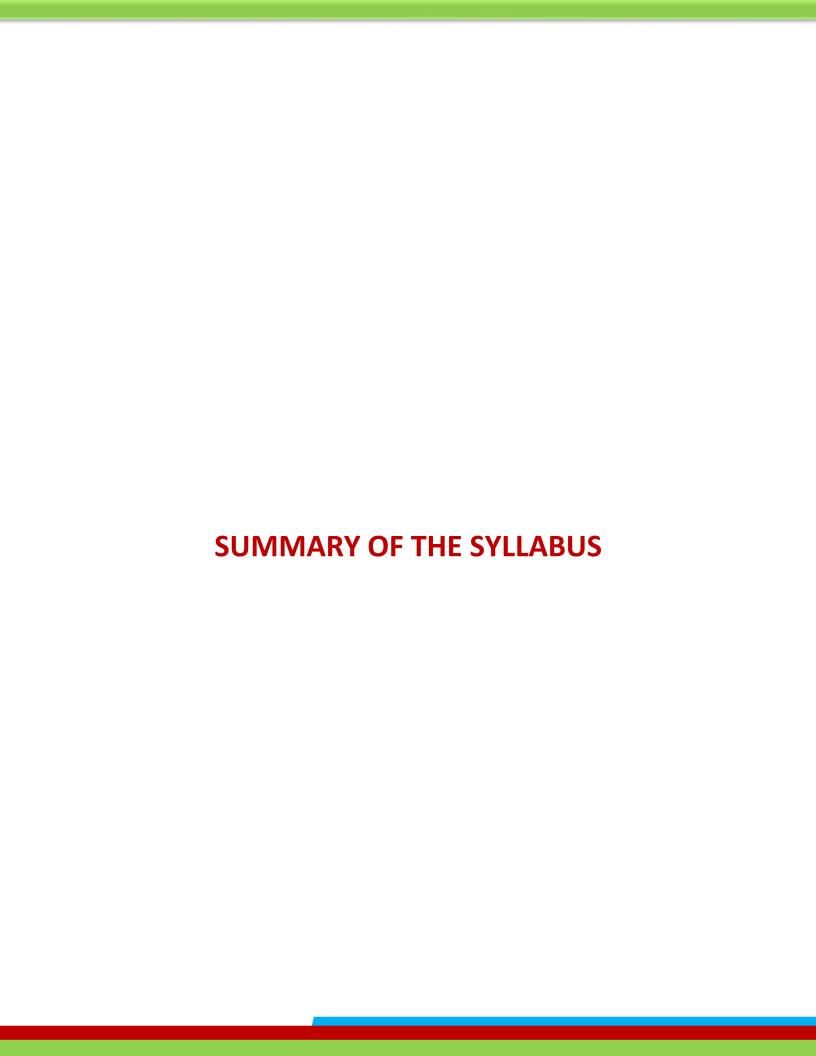

## **Examination Specification**

Each examination paper is constructed from a specification that determines the weightings that will be given to each element. The specification is given below. It is important to note that the numbers quoted may vary slightly from examination to examination as there is some flexibility to ensure that each examination has a consistent level of difficulty. However, the number of questions tested in each element will not change by more than plus or minus 2. This comprises of 100 multiple choice questions.

Element	Description	Questions
1	Introduction to Islamic finance and economic system	10%
2	Islamic finance products – Asset side and fee based services	15%
3	Deposits and Pool management for Islamic banks	15%
4	Introduction to Islamic insurance (Takaful)	10%
5	Islamic capital markets and funds	20%
6	Accounting, auditing and Shariah auditing for Islamic financial institutions	10%
7	Regulatory framework for Islamic banking and other IFIS	10%
8	Introduction to governance and risk management	10%
	Total	100%

### **Assessment Structure**

- This will be a 150 minutes examination of 100 Multiple Choice Questions (MCQs).
- All questions will carry equal marks.
- There will be no negative marking.
