Summary of the Syllabus

Powered by:

Institute Of Financial Markets Of Pakistan

OBJECTIVE OF THE EXAMINATION

This Certification Exam is specifically designed to meet the minimum qualification needs of the mutual fund distributors working either directly with a fund management company or through a distribution agent. It intends to ensure that they are competent to provide investment advice to the investors.

TARGET AUDIENCE

This exam has been mandated for Sales Staff of Mutual Fund Companies/ Collective Investment Schemes and their distributors.

SYLLABUS STRUCTURE

The curriculum is divided into elements and these are broken down into a series of learning objectives. Each learning objective begins with one of the following prefixes: *know*, *understand*, *be able to calculate* and *be able to apply*. These words indicate the different levels of skill to be tested. Learning objectives prefixed:

- know require the candidate to recall information such as facts, rules and principles
- understand require the candidate to demonstrate comprehension of an issue, fact, rule or principle
- be able to calculate require the candidate to be able to use formulae to perform calculations
- be able to apply require the candidate to be able to apply their knowledge to a given set
 of circumstances in order to present a clear and detailed explanation of a situation, rule
 or principle

EXAMINATION SPECIFICATION

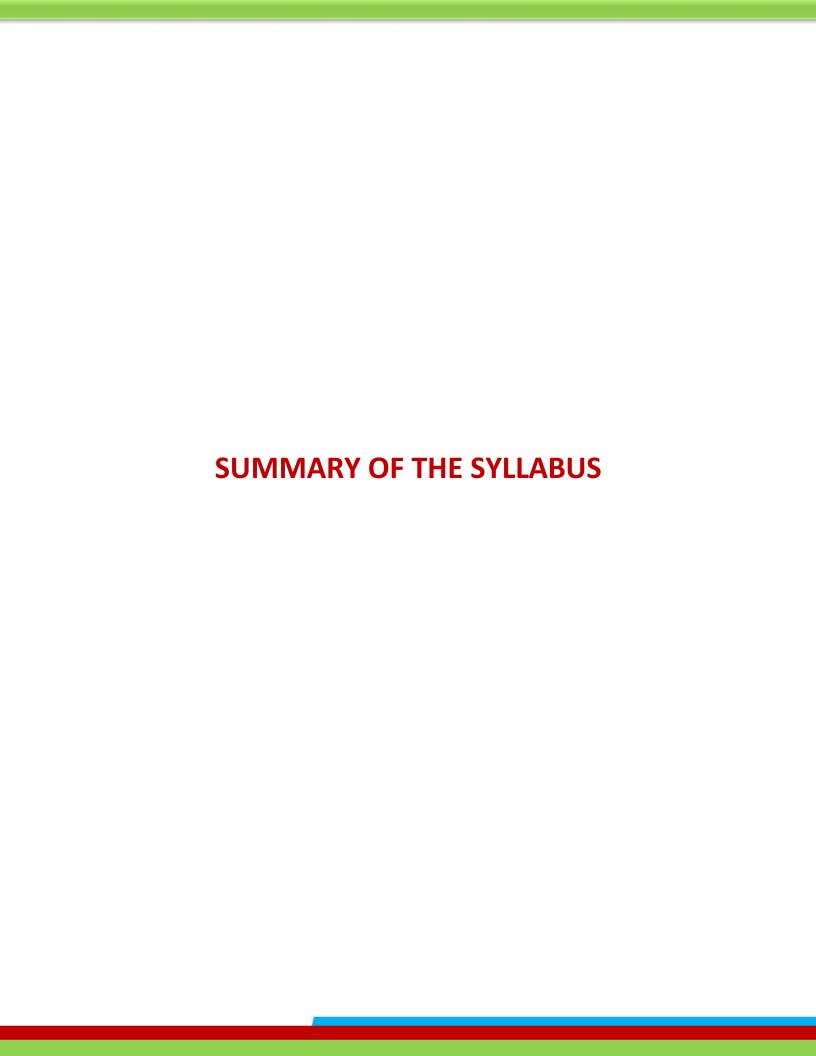

Each examination paper is constructed from a specification that determines the weightings that will be given to each element. The specification is given below.

It is important to note that the numbers quoted may vary slightly from examination to examination as there is some flexibility to ensure that each examination has a consistent level of difficulty.
